The new Dimension of Skin Care

A visibly younger complexion, firming care you will feel for every expectation and every skin type. Your skin will be radiant, full of freshness, energy and joie de vivre. Lines will be clearly softened.

Experience the NTC technology, known from and successful in Fit-Line, in the BeautyLine Care System, too – as a patent pending NTC Complex* with valuable anti-aging ingredients. The NTC Complex copies the skin's complex defensive systems in an intelligent way and neutralizes substances that are responsible for premature aging. Bio-available ingredients such as carotinoides and thiotaine are introduced into skin cells quickly and directly and develop their anti-aging effects there.

Anti-Aging System 12h-Active-Serum
The 12h long term care effect

Anti-Aging System Eye Cream - care for radiant eyes

re System

The Anti-Aging System

Ideal care for skin from the age of 40 and when the first lines appear – innovative anti-aging technology with long-term and immediate effects. The NTC Complex in combination with hyaluronic acid, vitamins and extracts of green tea support cell regeneration and your skin's restructuring. The skin's anti-aging protection is improved (DNA protection) and cell activity is optimized. Wrinkles and fine lines are clearly mitigated, your skin will become noticeably firmer and appear visibly more even and younger.

Products available from the BeautyLine Anti-Aging System: Duo Lift Finish, 12h-Activ-Serum, Day Care, Night Care, Eye Cream.

The Star...

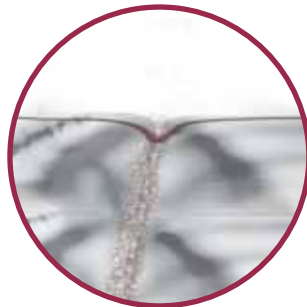

New Duo Lift Finish

The anti-aging highlight with NTC Complex – for a perfected complexion. Its soft texture melts on your skin, producing an even, glowing complexion and noticeably more velvety skin. Indifferent pigments appear to have been immediately lifted to create an even complexion. A new kind of hyaluronic filler cushions lines, the skin's surface will appear to have been softened – for immediately visible effects. Ideal to freshen up between times and when out and about – even over make-up.

Dual effects for a perfected, even complexion. Visible effects for immediate results.

special

Needs – Sensitive & Balancing System

Ideal care for youthful skin from the age of 20 and to prevent the first lines. The NTC Complex increases cell energy, has an antioxidative effect so protecting against premature aging. Your skin will be visibly smoother, noticeably more supple and tender.

Sensitive System - for dry and sensitive skin

Hyaluronic acid and panthenol supply dry and sensitive skin effectively with moisture. Natural bioflavonoids calm your skin. An innovative UV protection system protects against skin aging caused by light and environmental conditions.

Balancing System - for normal and combination skin

Acerola has an antioxidative effect and special moisture reserves ensure balanced moisture in the skin. Natural balance is restored. Combination skin is visibly evened out.

Day and Night Care is available from both systems.

Cle

Cleansing System

The BeautyLine Cleansing System

As the foundation for the BeautyLine Care System, the cleansing products with NTC Complex and cleansing extract of pineapple prepare your skin in the best way for the care to follow.

BeautyLine Eye Make-up Remover

Alcohol-free and non-greasy eye make up remover removes eye make up gently and is tender to sensitive skin.

BeautyLine Cleansing Milk

Ideal for dry and sensitive skin. This gentle cleansing milk relieves the pores from make up and sebum residue. Experience clean, clear skin and a visibly finer complexion.

BeautyLine Cleansing Gel

Ideal for normal and combination skin. This refreshing cleansing gel relieves the pores from make up and sebum residue. Experience clean, clear skin and a visibly finer complexion.
